

SERENA STELITANO / SERSTE

CCIJ XR, AR, VR and game development; immersive storytelling, editorial systems and digital art.

Not the kind of life a human being should live, Spatial, 2023. CCIJ Design Team / Serste.

WORK

Italian director working between immersive journalism, WebXR/AR, spatial storytelling, virtual worlds, interactive data visualisation and game-based public experiences.

Serena Stelitano leads development for CCIJ XR, AR, VR and game-based investigative journalism projects across Voxels, Spatial, AR/WebXR, Zappar and Fortnite UEFN. Research becomes a room, an object, a route or a decision.
